Our Partners

www.santanderx.com

Banco Santander Portugal is the largest private bank in Portugal, by assets and credit, with a broad customer base and branches nationwide. The bank's purpose is to help people and businesses prosper, in a way that is simple, personal and fair. Through Santander Universidades's programme close ties with U.Porto, it has a crucial role in supporting knowledge transfer and technology-based entrepreneurship through support in events, programmes and initiatives targeted at entrepreneurs, researchers and students alike.

www.pbs.up.pt

Porto Business School (PBS) results from a strong collaboration between some of the largest and most important companies in Portugal and U.Porto. Its entrepreneurial DNA – created by companies, for companies, with a strong scientific support from U.Porto – allows it to be a top ranking business school in Europe, through its MBA's, Post-Grad and Executive Education programs. Its Center for Business Innovation has been anticipating trends while also supporting the innovation and entrepreneurship ecosystem of the region.

THE CIRCLE 2020

The Circle” is the network of U.Porto’s spin-off companies or, in other words, projects who have emerged from the entrepreneurial, innovative and scientific ecosystems of the University of Porto.

The spin-offs which belong to “The Circle” form a community that shares experiences and interacts among peers as well as with projects, opportunities, and partners from the university's wider network.

THE TIMELINE

2010

First company recognized as an U.Porto Spin-off.

2019

Porto Business School joins the network as a partner, and we finish the year with 91 active spin-off companies.

2016

“The Circle” is created with the first 10 spin-offs.

2017

Our community grows with 47 new spin-offs recognized and in the annual meet-up the first brochure is presented.

2018

We blazed through the 75 spin-offs mark and Santander became the first partner of the network.
